Two iconic symbols—Lady Liberty and the American eagle—symbolize artistic expression and the great American story. Considered by

many a masterpiece, the American Eagle Gold Coin features a rendition of the legendary artist Augustus Saint-Gaudens' Lady Liberty design based on the 1907 \$20 gold piece, also known as the Double Eagle.

The American Eagle Silver Coin obverse features a rendition of Adolph A. Weinman's magnificent Walking Liberty design, prepared and executed for the half-dollar coin in 1916. Available with proof and uncirculated finishes, these coins represent our heritage, principles, and aspirations. They are treasured by collectors here and around the world.

2017 Boys Town Centennial Commemorative Coin Program

A century ago, Father Edward Flanagan rented an old Victorian-style mansion to give displaced children a home. His boys home, which became "Boys Town," was founded on December 12, 1917.

Boys Town, headquartered in the village of Boys Town, Nebraska, has operations in 15 locations across the United States. Each year more than 2 million children and families benefit from Boys Town programs.

The vision of Father Edward Flanagan sparked a revolution in child and family care that lives on in the mission of today's Boys Town. His simple dream to make the world a better place for children endures because people continue to believe that all children deserve to be valued and have the opportunity to reach their fullest potential.

LIONS CLUBS CENTENNIAL SLOGAN

A century ago, Melvin Jones, a Chicago business leader and member of a luncheon group for businessmen, posed a simple question: “What if these men, who are successful because of their drive, intelligence and ambition, were to put their talents to work improving their communities?”

In 1917, Jones made this vision a reality when he founded Lions Clubs International, a service club organization with the guiding principle of “We Serve.” The organization, supported by the Lions Clubs International Foundation, empowers its volunteers to serve their communities, meet humanitarian needs, encourage peace, and promote international understanding. In addition to its disaster relief work, services include community, environmental, youth volunteer, and health programs.

On June 7, 2017, Lions Clubs International will celebrate 100 years of worldwide community service. Since its founding, it has become one of the world’s largest organizations of its kind, with a membership of 1.4 million in more than 47,000 clubs providing humanitarian services throughout the world.
